2 Ampatuans to go free

DOJ chief orders murder raps dropped vs Zaldivar, Akmad

By Don E. Padilla and Marissa Reyes

THE GOVERNMENT WILL DROP MURDER CHARGES against two prominent members of the powerful Ampatuan clan in connection with the November 2009 massacre of 57 people, including 44 police officers, in Maguindanao.

Justice Secretary Leodegario F. De Vito ordered the dropping of the charges against the two men, saying they were "not guilty of the crime."

The two men were initially charged with the murder of the 57 people, but the charges were later dropped. The two men were also charged with the murder of the 57 people, but the charges were later dropped.

The two men were also charged with the murder of the 57 people, but the charges were later dropped. The two men were also charged with the murder of the 57 people, but the charges were later dropped.

Palace: That's JBC's view

By [Name]

MANILA (AFP) — The Supreme Court (JBC) has rejected the Palace's claim that it is not a government agency, saying it is a constitutional body.

The JBC, which is composed of the President, the Vice President, and the members of the Senate, has ruled that the Palace is not a government agency. The JBC has said that the Palace is a constitutional body and that it is not subject to the same rules as government agencies.

The JBC's decision is a landmark ruling. It means that the Palace is not a government agency and that it is not subject to the same rules as government agencies. This is a significant change in the way the government operates.

Use Malampaya royalties to lower power rates-JPE

MANILA (Philippine Daily Inquirer) - The Department of Energy (DOE) is planning to use Malampaya royalties to lower power rates, according to a report by the Philippine Journal of Energy.

The report, titled "DOE Plans to Use Malampaya Royalties to Lower Power Rates," states that the DOE is considering using the royalties from the Malampaya gas field to subsidize the cost of electricity.

The report also mentions that the DOE is planning to use the royalties to fund research and development in the renewable energy sector.

The report concludes that the use of Malampaya royalties to lower power rates would be a significant step towards reducing the cost of electricity for consumers.

Figure 1: Effect of B41 on the growth of various bacterial strains. The figure consists of two rows of bar charts. The top row shows the growth of four bacterial strains (E. coli, S. aureus, P. aeruginosa, and K. pneumoniae) on 10% serum. The bottom row shows the growth of the same four bacterial strains on 10% serum + 10% B41. The y-axis represents the optical density (OD) at 600 nm, ranging from 0 to 1.0. The x-axis represents the bacterial strain. In the top row, E. coli shows the highest growth (OD ~0.8), followed by S. aureus (OD ~0.6), P. aeruginosa (OD ~0.4), and K. pneumoniae (OD ~0.2). In the bottom row, the growth of all strains is significantly reduced, with E. coli showing an OD of ~0.2, S. aureus ~0.1, P. aeruginosa ~0.1, and K. pneumoniae ~0.1.

He travels miles and miles for kids to smile

By [Name] | [Location]

MANILA, Philippines — For a man who has traveled thousands of miles, the journey is never tiring. It's the smiles of the children he meets that keep him going. He is a volunteer with a non-profit organization that provides medical and dental services to children in need. He has been traveling for over a decade, visiting remote areas and helping the less fortunate. His dedication and compassion have earned him the respect and love of the communities he serves.

A group of children smiling, likely beneficiaries of the volunteer's services.

He has been traveling for over a decade, visiting remote areas and helping the less fortunate.

His journey is not just about travel; it's about making a difference. He has seen the impact of his work firsthand, as children who were once in pain now smile and play. He has also learned a great deal about the resilience and strength of the human spirit. He continues to travel, knowing that there are always more children in need of his help.

He has been traveling for over a decade, visiting remote areas and helping the less fortunate. His dedication and compassion have earned him the respect and love of the communities he serves.

He continues to travel, knowing that there are always more children in need of his help.

Tales from Arabia. Gays inside a first-class jail

By [Name] | [Location]

MANILA, Philippines — The story of the first-class jail in Arabia is a tale of two worlds. On the outside, it's a place of luxury and comfort, with spacious cells and gourmet food. On the inside, it's a place of fear and oppression, where the lives of the prisoners are controlled by a few powerful men. The prisoners are mostly gay men, who are held in the jail for various reasons, including their sexual orientation. The conditions are harsh, and the treatment is often brutal.

Greening of Cubao: Studes work for Mother Earth

—Judy Reyes

THE UNIVERSITY OF THE PHILIPPINES (UP) students in Cubao, Quezon City, are working to make their campus greener. The UP Cubao Greening Committee, headed by student leader **JOYCE LACOR**, is currently planting trees and flowers around the campus. The committee is also working to create a green space in the center of the campus, which is currently a parking lot. The committee is also working to create a green space in the center of the campus, which is currently a parking lot.

How to stop the Comcast feud

Comcast is the largest cable provider in the United States, with over 28 million subscribers. The company has been in a feud with the National Cable Television Association (NCTA) over a proposed merger with Time Warner Cable. The NCTA is a trade association for cable operators, and it has been fighting Comcast's bid to acquire Time Warner Cable for over a year. The NCTA is concerned that the merger would create a monopoly in the cable industry, and it is asking the Federal Communications Commission (FCC) to block the deal. Comcast, on the other hand, is arguing that the merger would create a more competitive market and that it would benefit consumers. The FCC is currently reviewing the merger, and it is expected to make a decision in the coming months.

Gift certificates vs. across-the-board

Gift certificates are a popular way to give gifts, but they can be a pain to use. Many people have complained that gift certificates are often expired or have restrictions that make them difficult to use. In response, some companies have started offering across-the-board discounts instead of gift certificates. This is a more convenient way to give gifts, and it allows the recipient to use the discount on anything they want. However, some people are concerned that across-the-board discounts might be used to encourage people to buy more than they need. The truth is, both gift certificates and across-the-board discounts have their pros and cons. It's up to the consumer to decide which one they prefer.

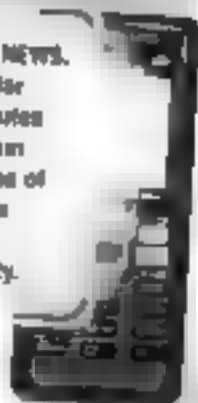

Plan going to city hall employees raised

The City of Los Angeles is considering a plan to raise the salaries of city hall employees. The plan is being considered by the City Council, and it is expected to be approved in the coming months. The plan would raise the salaries of city hall employees by a percentage that varies depending on their position. The city is arguing that the raises are necessary to attract and retain qualified employees. However, some people are concerned that the raises are too high and that they will increase the city's budget deficit. The City Council is currently reviewing the plan, and it is expected to make a decision in the coming months.

1995-1996 to 1997-1998 is 20%. While average of 1999 and 2000 is 25%.

Set goals, build on career choices

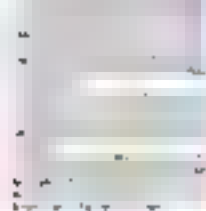

λ_{eff} is
 $\lambda_{\text{eff}} = \lambda_0 \sqrt{\epsilon_r}$
 λ_0 is the
 wavelength
 in vacuum
 ϵ_r is the
 relative permittivity
 of the medium
 in which the
 wave is propagating
 For example, if
 the wave is propagating
 in a medium with
 $\epsilon_r = 4$, then
 $\lambda_{\text{eff}} = \lambda_0 \sqrt{4} = 2\lambda_0$

Look here, lah—'Singa-bore' is no more

News and photos by **Chandra V. Poon**

Singapore is no more. The island nation has been renamed 'Singa-bore' and is now a part of the 'United States of America'. The new name was chosen by the United States government, and it is now the official name of the island. The new name was chosen because it is a more accurate reflection of the island's history and culture. The name 'Singa-bore' is a combination of the word 'Singa' which means 'lion' in Sanskrit, and 'bore' which means 'water' in English. The name 'Singa-bore' is a more accurate reflection of the island's history and culture than the name 'Singapore'. The name 'Singa-bore' is a more accurate reflection of the island's history and culture than the name 'Singapore'.

Table 1. Summary of the results of the 1997 survey of the 100 most common species of fish and shellfish in the Chesapeake Bay. The table shows the number of species, the number of individuals, and the total weight (in kg) of each species. The species are listed in descending order of total weight. The table is divided into two sections: Fish and Shellfish. The species are listed in descending order of total weight within each section.

Rustan's Summer To Remember

Get it while it's hot! It's the season to shine with Rustan's fun and fashionable new summer collections. Shop with stylish casuals, sporty swimwear and breezy resortwear from Rustan's Young Adults, Men's and Women's Departments.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the auditor in ensuring the integrity of the financial statements. It highlights the need for transparency and accountability in the reporting process.

2. The second part of the document focuses on the specific requirements for the audit of the company's financial statements, including the scope of the audit and the responsibilities of the auditor. It emphasizes the need for the auditor to maintain independence and objectivity throughout the audit process.

3. The third part of the document provides a detailed overview of the audit procedures to be followed, including the selection of samples, the performance of tests, and the evaluation of the results. It also discusses the importance of communication between the auditor and the management of the company.

4. The fourth part of the document discusses the final stages of the audit, including the preparation of the audit report and the communication of the findings to the relevant stakeholders. It emphasizes the need for the auditor to provide a clear and concise report that accurately reflects the results of the audit.

5. The fifth part of the document discusses the ongoing monitoring and review of the company's financial statements, including the role of the auditor in identifying and addressing any issues that may arise. It emphasizes the need for the company to maintain a strong internal control system to ensure the accuracy and reliability of its financial reporting.

6. The sixth part of the document discusses the importance of the auditor's independence and objectivity, and the need for the auditor to maintain a high level of professional skepticism throughout the audit process. It also discusses the importance of the auditor's communication with the management of the company and the need for the auditor to provide a clear and concise report.

7. The seventh part of the document discusses the importance of the auditor's role in ensuring the integrity of the financial statements, and the need for the auditor to maintain a high level of professional skepticism throughout the audit process. It also discusses the importance of the auditor's communication with the management of the company and the need for the auditor to provide a clear and concise report.

8. The eighth part of the document discusses the importance of the auditor's role in ensuring the integrity of the financial statements, and the need for the auditor to maintain a high level of professional skepticism throughout the audit process. It also discusses the importance of the auditor's communication with the management of the company and the need for the auditor to provide a clear and concise report.

9. The ninth part of the document discusses the importance of the auditor's role in ensuring the integrity of the financial statements, and the need for the auditor to maintain a high level of professional skepticism throughout the audit process. It also discusses the importance of the auditor's communication with the management of the company and the need for the auditor to provide a clear and concise report.

10. The tenth part of the document discusses the importance of the auditor's role in ensuring the integrity of the financial statements, and the need for the auditor to maintain a high level of professional skepticism throughout the audit process. It also discusses the importance of the auditor's communication with the management of the company and the need for the auditor to provide a clear and concise report.
